DESCRIPTION

Complementary feed for dog

BE-ACTIVE is a natural concentrate of herbal power, with carefully selected ingredients. The active ingredients of boswellia, turmeric and fenugreek help improve muscle and, especially, joint mobility. The bar helps to reduce stiffness, inflammation, swelling and soreness connected to joint diseases and illness and also helps post-trauma and post-exercise recovery.

COMPOSITION

Wheat flour type 0, fioretto corn flour, herbs mix 12% (fenugreek, turmeric, boswellia), apple flavouring, vegetable oils and fats.
